SUBJECT: Tuition Rate Reduction for Students Attending Vocational  
Schools

DATE: July 12, 1960

Effective July 1, 1960, the tuition rate for all students 21 years of age and above, attending school on a full-time basis will be reduced from \$30.00 per month to \$15.00 per month. This reduction in the tuition rate has been made possible by increased state support for Trade and Industrial Education. This also brings the tuition rate charged in our Area Vocational Schools more in line with rates charged by other Educational Institutions.

There will be no changes made at this time in other fees charged other students below the age of 21, or in Part-time or Evening Extension courses.

All financial reporting and accounting will be handled in the same manner as it has been in the past.
